## Facade Grant Program Guidelines

The City of Chickasha, in its continuing effort to support the development of the downtown district, has created a Facade Grant Program for all business owners and operators within the designated downtown district. The Facade Grant Program was established to encourage economic growth, to stimulate private investment and help create a more inviting downtown area. The following information outlines the details of the Facade Grant Program.

### **What is the Facade Grant Program?**

The City wishes to encourage and support building and/or business owner investment in the improvement of their existing buildings. The Facade Grant Program is a process where the Chickasha Industrial Authority will provide 50% reimbursement of the funding for the actual project cost up to a \$5,000.00 maximum, for eligible improvements to the appearance of a building facade in the designated downtown district. The applicant is reimbursed once the improvements are completed in accordance with program guidelines. The building or business owner must apply for and be approved for the program before doing the work in order to receive the grant. The following provides the program's criteria for eligibility and the approval process.

### **Eligible Properties and Applicants**

1. At this time, eligibility is limited to any building or structure located within the downtown district as defined in section 54-46(b) of the City of Chickasha Code of Ordinance of the Historic Downtown Urban Center.
2. Owners or tenants may apply for the Facade grants; however, if applying as a tenant you must have the owner's signature on the application being submitted to the Community Development Department. If a property has more than one owner, all owners are required to sign the application and agreement.
3. Applicants must not be actively engaged in projects funded by the City of Chickasha, the Chickasha Economic Development Council or the Chickasha Chamber of Commerce in order to be eligible for the Facade Grant Program.

### **Eligible and Ineligible Improvements**

1. Examples of **eligible** improvements for Facade Grant funding include:

- a. Removing of false Facades
  - b. Cleaning of brickwork, which includes chemical stripping, water wash, or scraping. **Power Washing or Sandblasting of facade will not be approved.**
  - c. Repainting
  - d. Repair or replacement of windows and doors
  - e. New, repair or replacement of awnings
  - f. Structural repair
  - g. Exterior lighting
  - h. Historical reconstructions and replacement of original architectural details
2. Example of **ineligible** improvements, either in whole or in part, for Facade Grant funding, include:
- a. Power Washing or Sandblasting
  - b. Demolition of historic features
  - c. Roof repairs
  - d. Signs
  - e. Parking Lot Improvements
  - f. Interior improvements or interior renovation

### **Time Limitations**

Facade projects must be completed within six (6) months after the applicant has been notified of approval. A reasonable extension may be granted, based upon the good faith efforts of the applicant, through written notification to the Historic Preservation Commission. Funds will not be released to the applicant if the project is not completed within the time period.

If the project has not commenced within six (6) months, the Historic Preservation Commission reserves the right to distribute the awarded amount to another applicant.

### **Guidelines**

1. All applications must receive prior approval from the Historic Preservation Commission and a written report from a structural engineer that has been completed within the past six months\*. Please note that if the application is approved, the cost of the engineer's report will qualify for reimbursement.
2. All applications must be submitted, approved and the program agreement executed prior to the beginning of any construction.
3. Rehabilitation of a structure in Chickasha should be considered with respects to the architectural integrity of the entire front, retaining those elements that enhance the building.

4. All rehabilitation design proposals will meet the zoning, building, historic preservation design guidelines and fire code requirements of the City of Chickasha. All necessary building permits shall be obtained.
5. Any exterior renovation proposal – from an entire facade rehabilitation to maintenance items, such as repainting or replacing building parts – is eligible for funding, but top priority will be given to projects which will make a highly visible contribution (visible to the traveling public) to the revitalization of the district.
6. Retention and repair of existing cornices is strongly encouraged wherever possible. Re-creation of missing cornices should be done with care, using historic photographs as a guide.
7. Side elevations and rear Facades should be treated as seriously as main Facades. The development of rear or side entrances with appropriate design is encouraged and should follow the stated guidelines.
8. If an application is approved, all documents are executed, all rules are followed, and all work is completed on time, matching funds will be reimbursed for each project at a 1:1dollar match with a maximum grant of \$5,000.00.

\*The building official may waive structural engineer's report where the alterations in the opinion of the building official will not affect structural integrity.

## **Application Process**

Applications for the Facade Grant Program can be obtained from the Community Development Department located at City Hall, 117 N. 4<sup>th</sup> Street, Chickasha, Oklahoma, or online at [www.Chickasha.org](http://www.Chickasha.org). Completed applications must be submitted to the Community Development Department in person or via US Mail. After the application has been received, the Chief Building Official and the Historic Preservation Commission will consider the application and determine eligibility. If the application receives approval, the applicant must enter into an agreement with the Chickasha Industrial Authority. Applications will continue to be accepted until all of the grant money that is available for the fiscal year has been awarded.

1. Owner/tenant completes the Application and attaches the following required documentation:
  - Written structural engineer's report\* (completed within the last six months).
  - Proof of Property Insurance
  - At least two different 8 X 10 color photographs of existing building facade
  - Photos, plans, or sketches of proposed improvements
  - Quotes, fee proposal, and any other back up that supports the proposed budget

- Owner's permission, if necessary

\*The building official may waive structural engineer's report where the alterations in the opinion of the building official will not affect structural integrity.

2. Owner/tenant submits the Application to the Community Development Department of the City of Chickasha.
3. The Chief Building Official will review the application for accuracy.
4. The Historic Preservation Commission reviews and approves or disapproves the application. The Historic Preservation Commission reserves the right to approve or deny an application based on what is deemed to be in the best interest of the City, overall appearance and the historical preservation of downtown Chickasha. A recommendation letter is sent to the applicant stating whether the project has been accepted as described in the application, accepted with conditions, or rejected. If the application is rejected, it may be resubmitted with modifications.
5. Upon approval of the application, the original application and recommendation letter will be forwarded by the Historic Preservation Commission to The Chickasha Industrial Authority. The Chickasha Industrial Authority will consider the matter and render a final decision. The Chickasha Industrial Authority reserves the right to approve or deny an application based on what is deemed to be in the best interest of the City, overall appearance and the historical preservation of downtown Chickasha.
6. Upon approval by the Chickasha Industrial Authority, the Facade Grant Agreement must be signed prior to beginning work. Parties in the agreement will be the applicant, building owner (if other than applicant), and the Chickasha Industrial Authority.
7. ANY CHANGES TO THE APPROVED DESIGN MUST BE APPROVED BY THE HISTORIC PRESERVATION COMMISSION AND RE-SUBMITTED TO THE HISTORIC PRESERVATION COMMISSION PRIOR TO THE WORK BEING DONE.
8. As a condition of the grant and in consideration of the opportunity to apply for the grant, the applicant consents for the Community Development Department and/or a qualified representative to inspect the completed work. Once work is inspected, a check will be issued to the applicant for the actual project cost up to a \$5,000.00 maximum, provided the work is in accordance with the Agreement.
9. Grant funds will be made available on a reimbursement basis only. Upon project completion, copies of all the applicant's dated statements or invoices, with proof of payment must be submitted to the Community Development Department for verification and will then be forwarded to the Chickasha Industrial Authority for payment. The Chickasha Industrial Authority will review the application for payment and respond back to the applicant with ten (10) business days to identify

any deficiencies in the payment request. If the application is in order, the applicant will be paid within thirty (30) days of approval from the Chickasha Industrial Authority.

10. The Chickasha Industrial Authority Trust Manager may amend, revise and make certain changes to the Facade Grant Program as deemed necessary in the event said changes do not have the effect of revising the original intent of the program.

### **More Information**

If you need more information or have questions about the Facade Grant Program, please contact Community Development Department of the City of Chickasha:

- by phone at (405) 222-6010
- by fax at (405) 574-1015
- by email at [kay.perry@Chickasha.org](mailto:kay.perry@Chickasha.org)
- or in person at the City Hall 117 N. 4<sup>th</sup> Street, Chickasha, Oklahoma
