

WARNING VOLUNTARY, PRECAUTIONARY BOIL ADVISORY

Water System Name: Chickasha Municipal Authority

Public Water Supply ID: OK1010821

Due to the unprecedented weather and loss of water pressure in the Water Towers and throughout the Distribution System Water Lines and the potential for contamination as a result of this situation, the drinking water supplied by the City of Chickasha and contractor USW Utility Group may be unsafe for human consumption. As a precaution, **it is advised that the consumers of this water system bring the water to a full, rolling boil for at least one minute before drinking**, consumption, food preparation, baby formula preparation, dish washing, tooth brushing, ice making, wound care, and bathing infants who may ingest bath water. **Alternatively, bottled water or another acceptable water source may be used.**

Important Note: This precautionary boil advisory is not related to the Coronavirus Disease (COVID-19) pandemic, and it is important to continue to wash your hands during the precautionary boil advisory.

Comments: The City of Chickasha will follow all rules provided by the Oklahoma Department of Environmental Quality to ensure that the drinking water will be tested for all contaminants and is safe before stopping the “Precautionary Boil Advisory”. The City of Chickasha will inform the Public when it is safe to use the water again.

This advisory will remain in effect until further notice. Questions concerning this situation should be addressed to Debbie Segroves, Project Manager/IPP Coordinator, by phone at (405) 637-0567 or by email at dsegroves@uswatercorp.net.

PWS: 1200 E Georgia Avenue
Chickasha, Oklahoma 73108
County: Grady
